

## THE SYMPHONIES

### CONCEPT

These full-day or half-day trips are departing from your place of residence. Some unusual vehicles are going to take you to discover the vineyards of Romandie!

You will meet the artisans who shape these beautiful landscapes and learn a little about the history of the place as well as how to cultivate the vine: traditional, organic or biodynamic. You will have the chance of tasting these nectars and savour the local products during a gastronomic stop before returning to your hotel.

This tour is made to bring high the colours and aromas of French-speaking products and wines.

Let yourself be guided through these horizons where the vine is gold!
